

*Dear Sirs,*

*I wish to make a comment in regard to the new LPFM broadcast service you have just introduced. I live in an area in where I listen to K-Love radio which is a Christian radio station which helps the local community with presents positive Christian music and content that not only helps to bring Christian music to all walks of life but also provides a positive message of faith and encouragements for people having marriage problems to problems with raising children in the world we now live in. The (LPFM) stations would cause interference to K-Love and the positive content it provides and would be a disservice to the community and would not be in the public interest in the trying times we now live. Your consideration would be greatly appreciated as at this time my wife and I are separated and the positive content I get from K-Love gives me the hope and faith I need to keep going. Thank you for your time in this matter.*

*Victor A Perron*
